Description

1. Too much **spacing** between the title, text, and buttons
- Description:** The title, the descriptive text below it, and the buttons underneath are too far apart. There is too much space between the title and the text, as well as between the text and the buttons.
- Actual result:**

**A warm welcome to CDA.**

**Actual:** Family name: .SF NS

1. Placeholder text “Lorem Ipsum” needs to be replaced with real content.
2. The arrow displayed next to the “View Our Services” button is smaller, width and height 12px instead of 14px
3. **“Start a project” button text orientation is reversed**

**Actual Result:** The button label is displayed vertically from top to bottom.

**Expected Result:** The label should be displayed from bottom to top, according to the design.

## Start A Project

1. Scroll down on homepage:

- “Meet the Senior Team” button **different font. Actual:**

Rendered Fonts

Family name: .SF NS

PostScript name: .SFNS-Bold

**Expected:** Poppins, Bold

For the description text above - .SFNS-Regular instead of Inter Regular.

- The orange dotted arrow under the “Meet the Senior Team” button **should start from the white section and extend into the gray** section, but currently it is displayed entirely on gray.
- The title (Your digital partner) is inside an h2, which might apply additional computed styles (e.g. font-weight, line-height) that make it look larger, because the font size is the same as in the design, but the **title looks bigger**.
- Space needed between Your Digital Partner and the Lorem ipsum text.

The screenshot shows a web design tool interface. On the left is a sidebar menu with items: eCommerce (+), B2B Lead Generation (-), Software Development (+), Franchise / Booking Systems (+), Digital Marketing (+), Outsourced CMO (+), and AI (+). The 'Franchise / Booking Systems' item is highlighted with a pink dashed box and has a pink circle with the number 31 next to it. A pink circle with the number 326 is also visible near the 'Software Development' item. The main content area shows a preview of the 'Franchise / Booking Systems' section, which includes a 'Find Out More' button. On the right is a properties panel for the selected component. It shows the following settings:

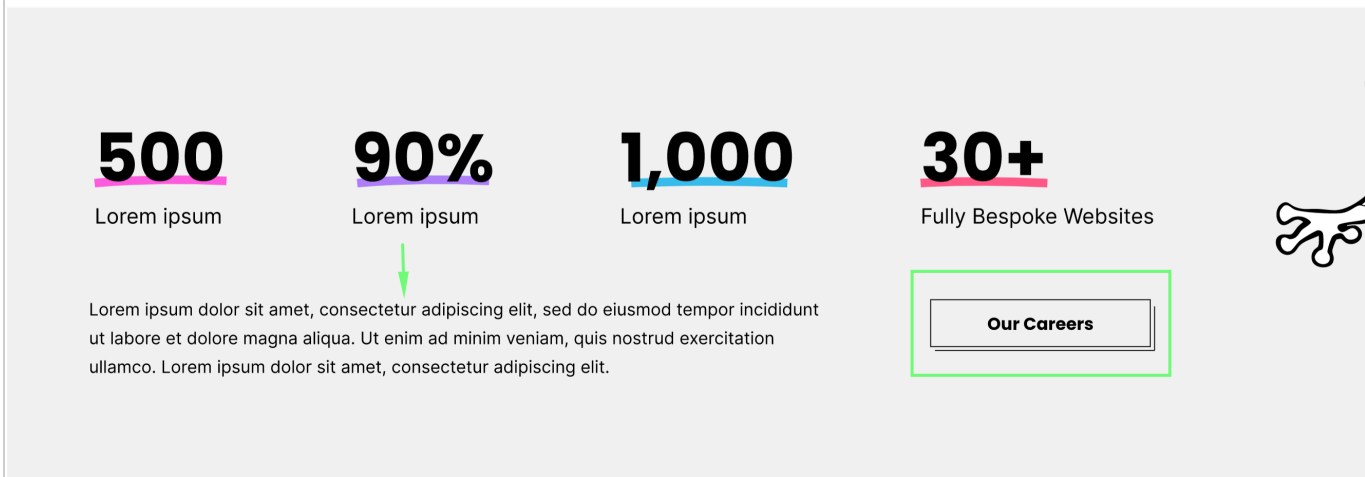

- Component: Component 98 - 2
- Default State
- Text: Franchise / Booking Systems (px)
- W: 326px, X: 734px, Y: 3349px, H: 31px
- Styles: Poppins, Bold, Size: 22px, Alignment: Left, Line Height: 0px, Letter Spacing: 33, Word Spacing: 0
- Appearance: Color: unnamed-color-000000, Opacity: 100%
- Content: Franchise / Booking Systems
- CSS: Select to copy

At the bottom of the design tool, there is a navigation bar with a home icon, a back arrow, '6 of 54', a forward arrow, and a link update timestamp: 'Link updated: Oct 1, 11:09 AM'.

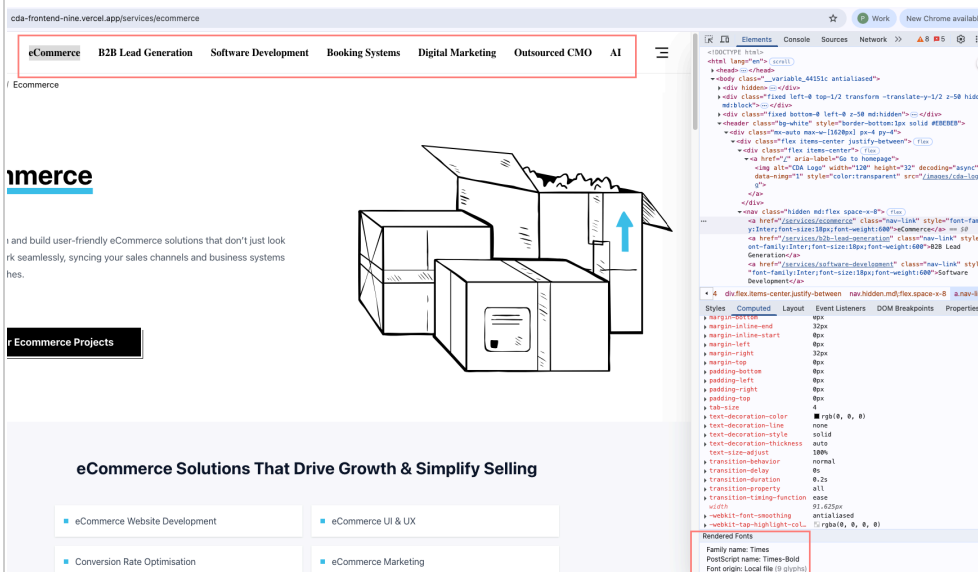

1. The same issue as above with the text **What we excel at** - <h2>, which might apply additional computed styles (e.g. font-weight, line-height) that make it look larger, because the font size is the same as in the design (38px), but the **title looks bigger**.
2. Join our team button is displayed instead of Our Careers button. Actual:

The screenshot shows a homepage hero section. It features four statistics: 300, 400, 500, and 600, each with a corresponding color bar and the text 'Lorem Ipsum 1' through '4'. Below the statistics is a paragraph of Lorem Ipsum text. To the right of the text is a 'Join Our Team' button. Further to the right is a large illustration of a white frog jumping over four orange boxes arranged in a square pattern.

Expected:

### 1. Header texts have a different rendered font that the one in the design. Actual: Times, Times-Bold

Expected: Inter - font: normal normal 600 18px/21px Inter;
